Monica Patricia Cummings

Tech, Business Development and Emerging Markets
United Kingdom

Summary

Currently serving as the part time UK Head & US (East Coast) Senior manager at Seed Group, a unit that sits in the Private family office of the Royal Family of Dubai (Al Maktoum); this group specialises in innovation, and technology. Monica leverages her expertise in AI, automated work flows, stakeholder engagement, Tech, commercial operations and research; contributing to the group's mission of enabling global businesses to expand their footprint through supportive ecosystems and strategic opportunities in the Gulf. Monica facilitates International partnerships and drives meaningful collaborations. Her mission is to connect mission-driven founders to opportunities and resources. She has a proven track record in delivering sustainable growth in fast-paced, regulated environments, and solving complex business challenges with the highest level of integrity, confidentiality and empathy.

With a career span of a decade, of experience, across government, research, change management and the private sector, Monica has transitioned from a Diplomatic role at the UK's FCDO to business transformation agent, fundraiser and strategic partner. Her commitment lies in fostering collaborations, to deliver impactful solutions that align with organisational goals. She works to introduce novel functions, efficiencies and M&A transactions. She is a driven, hands-on self starter, who is decisive and analytical. She is a commercially astute, global, remote-first business executive who has participated in 2 x tech accelerator programmes, one funded by Capital Enterprise UK and JP Morgan bank, the other being the London Business Growth programme, funded by the Mayor. Monica has interviewed SME founders about their fundraising journeys alongside Forbes Monaco, at the Private Monaco yacht club (FILMED) she was a panelist for a virtual conference (Finwise) alongside Eric Gu (metaverse DNA founder) and financier Tim Draper. She moderated a virtual conference about building eco systems, for HAP (Connecticut, USA) 'harnessing all possibilities' in association with the Bahamas blockchain business school. She gave

talks (and moderated) at the COI ladder institute business retreat in Massachusetts. Monica studied at Business school in Barcelona (IESE business school, University of Navarra), and at the Sorbonne University of Paris. She also carried out an internship in Times Square, New York in conjunction with Columbia University's summer programme (and the AFL CIO - USA). She's travelled to over 30 + UNESCO heritage sites, and is a fan of Sound Baths.
